

Spring Pond Clean Package

Let us take the anxiety out of maintaining your water feature

Spend your time relaxing next to your water feature this spring instead of maintaining it!

Your Spring Pond Clean includes:

- Cleaning all skimmers and pressure filters
 - Check pump for proper flow
 - Trimming and removing any dead plants
 - Manually removing any unsightly algae and debris
 - Assessing fish health
 - Fertilizing lilies
 - Checking UV light or IonGen for proper function
 - Sealing rocks with waterfall foam as needed
 - Applying water treatments with the following products: Pond Detoxifier, Beneficial Bacteria, Pond and Debris Clarifier
 - Additional water treatments as needed*
- * May be an additional cost

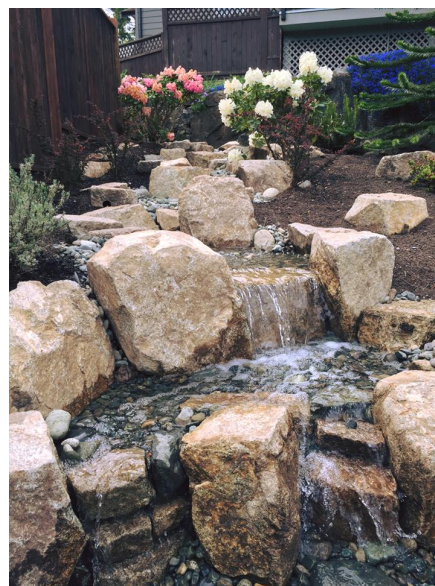

Pricing

We've introduced a new pricing structure for our pond cleans to better reflect the value we provide with our top-quality professional products and equipment, up-to-date knowledge and expertise, and dedicated commitment to customer service.

Prices start at \$300 for a standard 8' x 11' pond

Book before Feb 28th & receive 10% off!*

*All standard pond cleanings booked and paid for in full before February 28, 2019 will receive 10% off a standard pond cleaning. Payments can be made in-

store at 4660 Elk Lake Drive, over the phone by credit card, or by mailing a cheque. If extra maintenance or treatments are needed at the time of cleaning, additional billing may be required.
